September 14, 2011

Dear Valued Supplier,

On Thursday, September 15, 2011, the C-17 Globemaster III program will celebrate another historic milestone – the 20th anniversary of the T-1 first flight and the beginning of a new era in military and humanitarian airlift. During the last 20 years, the C-17 has flown more than two million flight hours on countless military and humanitarian missions.

The success of the C-17 has, in no small way, been the result of your continued support and advocacy for the program, both in good times and bad. We appreciate your help with providing quality parts on time to the production line in a dynamic environment of increasing customer expectations and continuous affordability challenges. Together with our supply base, we continue to produce and deliver C-17s to support today's worldwide airlift needs. With your ongoing support, we will continue to produce this great airlifter for delivery to even more customers around the globe in the years ahead.

As we celebrate this historic milestone, we would like to thank you once again for all you do to support the world's greatest airlifter – the C-17 Globemaster III!

Have a great C-17 day!

Peggy Berry
Director, C17 Supplier Management
