

Reliable Aerospace Partner

Since 1959, WG Henschen has been reliably locating and delivering hard-to-find-parts and providing a range of value-added services including kitting, consignment, vendor managed inventory, build-to-print and more. As a full stocking distributor of hardware, fittings and associated tooling, WGH is the aerospace industry's partner in procurement planning

THIS IS PERSONAL

Distinguished by a business model that personalizes your parts business, at WGH we take a systems approach to hardware distribution. By focusing on your sub systems and components, we solve both your OEM and MRO supply chain challenges.

MORE THAN YOU EXPECT

In keeping with the WG Henschen spirit of service, custom requests are always welcome. Our value-added services include:

- Kitting
- Vendor-Managed Inventory
- Expedited Shipping
- Special Packaging
- Build-To-Print
- Locating Hard-To-Find Items

Ask about our other supply chain solutions, including MRP management, long-term agreements, consignment and min-max. For a complete parts list and searchable inventory visit wghco.com.

WG
